Sir,

I have the honor to forward herewith, for favourable consideration, a petition addressed to me by Messrs Appu Bhatta and Ramappa Heggade of Megarvalli, praying among other things, that they may be excused from paying the third year's contribution of Rs 600/- for the maintenance of the Dispensary at the place, and to state that in view of the fact that Megarvalli is included in the area coming under the Malnad Improvement Scheme and that Government is prepared to sanction the establishment of itenerating dispensaries in these tracts, meeting the cost entirely from public funds, the request of the petitioners deserves favourable consideration.

2. The accommodation for the Dispensary and for the Medical Officer will, apparently, be continued to be provided by the petitioners.

3. As regards making the Dispensary permanent, a separate reference will be made in sufficient time before the expiry of the present sanctioned period of three years.

I have the honor to be,

Sir,

Your most obedient servant,

Senior Surgeon.

Enclosed 216-13-4

Petition dated May 1914 from Messrs Appu Bhatta and Ramappa Heggade of Megarvalli, to the Senior Surgeon, Mysore Government.

We, the undersigned, beg to bring the following few lines of humble request to your honour's kind perusal and favourable orders.

We beg to state that the non-existence of a Dispensary was very much felt by the residents of Megarvalli and the surrounding villages. We, as representatives, came forward and requested the Government to open a dispensary at Megarvalli and promised to pay annually Rs 600/- towards the cost of maintaining it. The Government were pleased to sanction one tentatively for a period of three years. So it was opened in the latter part of May 1912. We remitted the amount of contribution for the past two years.

We are given to understand that some new dispensaries are being newly opened in connection with the Malnad Improvement Scheme. We request that Megarvalli Dispensary may kindly be included among such institutions and the total cost of maintaining it borne by Government, so that the amount of contribution for the third year may be kindly excused.

The Dispensary at Megarvalli has been working very satisfactorily and the people of these parts have thought it a boon conferred on them by Government. We pray that the Dispensary may kindly be confirmed.

The want of a Midwife is keenly felt by the public. So we request that a Midwife may be sanctioned for this dispensary at an early date.

Soliciting early and favourable orders.
